

# SUSPENSION COLOURS

## AN OUTLINE OF SUSPENSION ARM FINISH TYPE AND COLOUR OPTIONS

### Suspension Arm Finish Options

#### RAW

(Available on XT<sup>FREESTYLE</sup> & CRS<sup>2</sup> Only)

Arms are supplied as uncoated steel bypassing the sandblasting and powder coating processes.

#### ECONOMY

(Available on XT<sup>FREESTYLE</sup> & CRS<sup>2</sup> Only)

Arms are sandblasted, finish coat of 'black' or 'red' powder coat applied and arms cured through oven.

#### PREMIUM

(Available on ATX, XT<sup>FREESTYLE</sup> & CRS<sup>2</sup>)

Arms are sandblasted, coated in a zinc primer powder coat and cured, then finished in a choice of coloured powder coat options and again cured through the oven.

Our premium powder coat option offers superior corrosion protection.
